### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Derek Mason on June 11, 2007.

The application has been amended as follows:

A/ Claims 17-26 and 35-51 have been canceled;

B/ In claims 6, 9, 27, line 2, delete "and is";

In claim 7, line 2, delete "metal and is";

In claim 8, line 2, delete "plastic and is";

In claim 54, line 2, delete "a metal and is".

2. Claims 1-10, 27-28, and 52-54 are directed to an allowable product. The restriction requirement as set forth in the Office action mailed on 05/30/2002, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.**

Claims 11-15 and 27-31, directed to an article no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

And pursuant to the procedures set forth in MPEP § 821.04(b), claims 16 and 32-34, directed to the process of making or using the allowable product, previously withdrawn from

Art Unit: 1711

consideration as a result of a restriction requirement, are also hereby rejoined and fully examined for patentability under 37 CFR 1.104.

3. In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.
